

Competitive Regions 21

Róbert Kičina, Executive Director of BAS

Chisinau 25 November 2015

Project Objectives

- Reduction of economic and social disparities between regions in Slovakia
- Detailed analysis of competitive advantages and disadvantages of districts (RBEI & SWOT)
- Strategies for increasing competitiveness of districts of the SR

Reasons to Support the Project

- Regional disparities = long-term problem of SVK
- Regional disparities (and particular elements causing them) were not comprehensively examined
- Regions do not have visions for development of local business environment
- Lack of complex information about conditions for business in regions
- Lack of detailed information on factors causing lagging of regions complicates the aim of increasing effectiveness and addressability of the central government expenditures

Basic Overview

- Project inspired by international rankings (WEF, IMD)
- BAS developed own mathematic model to assess regions
- 106 indicators, of which:
 - 47 from the survey among entrepreneurs (5000 respondents)
 - 59 from statistical databases
- Data used to calculate values of Regional business environment index and its pillars
- Analyses, comparative tables, regions' profiles and recommendations based on these data

Regional Business Environment Index

- SUBINDEX I: ECONOMIC ACTIVITY
 - 1st pillar: Economic environment (21 indicators; e.g. population density, employment)
 - 2nd pillar: Economic output (12 indicators; e.g. construction output, ee productiviry)
- SUBINDEX II: PUBLIC ADMINISTRATION AND LEGISLATION
 - 3rd pillar: Legislation (12 indicators; e.g. local and other taxes)
 - 4th pillar: Public administration (11 indicators; e.g. efficiency of local authorities, e-communication)
- SUBINDEX III: TECHNOLOGY AND INFRASTRUCTURE
 - 5th pillar: Infrastructure (9 indicators; e.g. availability of banks, density of motorway)
 - 6th pillar: Technology (8 indicators; e.g. FDI inflow, technology level)
- SUBINDEX IV: EDUCATION AND HUMAN RESOURCES
 - 7th pillar: Human resources (20 indicators; e.g. population growth, job vacancies)
 - 8th pillar: Education (13 indicators; e.g. school examination results, secondary enrolment)

Project Activities

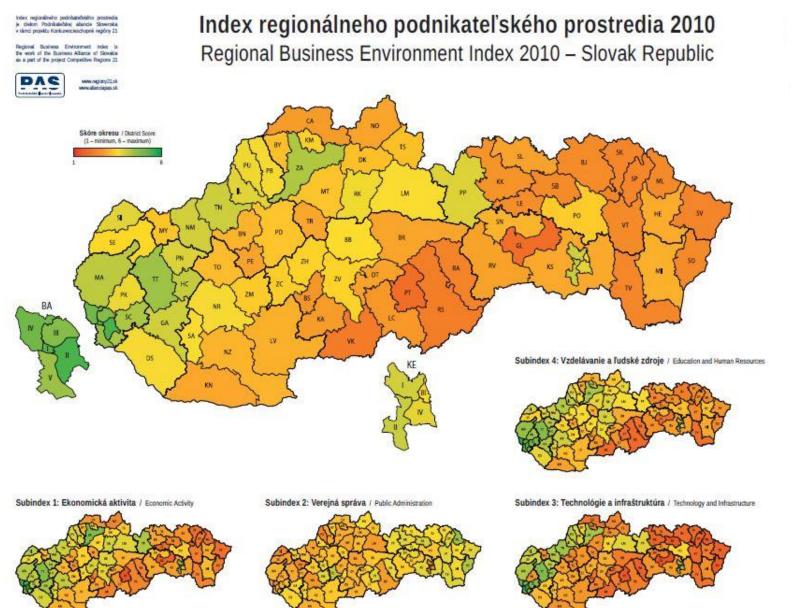

- 1. Data collection
- 2. Survey of regional business environment barriers
- 3. Analysis of economic activity (in regions)
- 4. Analysis of public administration and legislation
- 5. Analysis of technology and infrastructure
- 6. Analysis of education and human resources
- 7. Analysis of employers/investments/structure of business sector
- 8. Final SWOT, RBEI, recommendations for regions
- 9. Publication & Intelligent web and electronic visualization of results

RBEI Visualization

Tento projekt je spolufinancovaný z Mčrobeho finančného mechanizmu a zo Státného rozpočtu Skoverskej republiky This project in co-funded by the Norwegian Financial
